

### **Patient Organizations Supported by Genzyme in 2013**

Genzyme, a sanofi company, is proud to partner with patient organizations (PO) throughout the world. In accordance with the European Federation of Pharmaceutical Industries and Associations (EFPIA) Code of Practice on relationships between the pharmaceutical industry and patient organizations, we are providing the following listing of patient organizations registered in Europe that Genzyme supported in 2013. For the purposes of this listing, patient organizations are listed by country or region of scope and described and presented in the following categories:

- International- patient organizations that are registered in a European country and are active at an international level and/or have international members
- European - patient organizations that are registered in a European country and are active at a European level and/or have members from across Europe
- National- patient organizations that are registered in a European country and are active at a country specific level and/or only have members from that country

Country	Name of Patient Organization	English translation (non-official)	Description of Interaction	Currency	Financial Contribution	Non-Financial Contribution
